CORE CATALOGUE JUNE 2022

SPOTLIGHT ON

AUDREY FREEMAN

Being a ballerina means I'm always on the go. Whether I am training, working on my ballet fashion line SPORTIVÉaf or creating content for my social media channels... I love working. My life is ever-changing from day to day and I've learned that being active both physically and mentally makes me a happier and a more grounded person.

From starting my dance career in Australia to winning the YAGP in Europe, ballet has brought me all around the world. Throughout my career I've worn Capezio Donatella pointe shoes which are my holy grail of ballet products. Capezio offers an amazing variety of pointe shoes so every dancer can find their perfect fit. Whether in my Donatella pointe shoes or Hanami ballet flats, Capezio keeps me on my feet from Australia to Paris and everywhere in between!

CAPEZIO'S INCLUSIVITY PROMISE

Capezio® is committed to creating a dance world free of bias or prejudice, and we are proud to support all dancers' dreams to express themselves through the beautiful art of dance. We are happy to be able to provide footwear, legwear and bodywear products in a large variety of colours and sizes and remain committed to adding even more styles to our global product offering.

As we continue to build our offering of skin tone dancewear in many shades of nude, colours will be labeled with numbers instead of names. Below is a guide reflecting the current names of our nude colours matched with their skin tone number. This guide is designed to help you shop for and match our skin tone products to each other.

Capezio® is here to support the dance community worldwide. It has been our pleasure to serve the dance community for 135 years and moving forward, together, we will keep the world dancing.

FOOTWEAR SIZING & FITTING GUIDANCE

Capezio® is an American brand and our footwear sizing is based on US street shoe sizes. To order Capezio® shoes:

Step 1: Find your equivalent US street shoe size on the International Sizing Conversion Charts (US, Europe, UK) displayed in the Guides section of this catalogue.

Step 2: Go to the Footwear Sizing Charts in the Guides section of the catalogue to confirm if your selected Capezio® footwear style fits like the US street shoe size, or if you need to go up or down (from your US size) to a different size for the right fit.

Size charts are for general fitting guidance only. Product fit is subjective to the individual foot and fit preference and may vary depending on product style.

The mission of Capezio® Cares is to use our social media platforms as a vehicle to make the world a better place. We are committed to creating a dance world free of bias or prejudice, and we are proud to support all dancers' dreams to express themselves through the beautiful art of dance.

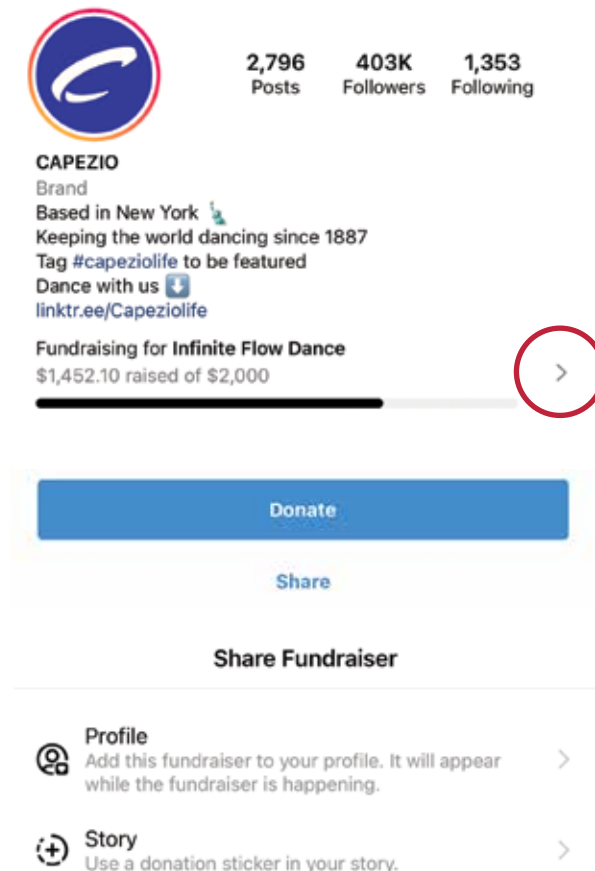

Each month Capezio® raises money for non-profit organizations through our Instagram channel. Benefits of using Instagram to fundraise include the ability to allow public visibility into the funds being raised and the source of the donations, having Instagram manage the donation process without any fees and allowing anyone to join the movement and donate.

We need your help! It's easy to get involved:

1. Visit the @Capezio profile on Instagram and tap the arrow next to our fundraising total
2. When prompted, click "Donate" to give money to this month's charity or click "Share" to add the fundraiser to your Instagram story and/or feature it on your profile
3. Each month Capezio® will send you a flyer to hang in your studio or store, specific to the non-profit we're featuring on Instagram.

If you run a non-profit organization or know of one that we should fundraise for, contact us at wecare@capezio.com.

Together we can **leap** towards a better future!
